Sleep/Rest Time Agreement

As an early care and education provider it is our responsibility to maintain a safe sleeping environment for your child. As per OCFS guidelines an agreement must be made outlining nap or rest time procedures for your child. **Please complete the form and return it to your Center Director. This agreement must be completed yearly.**
Thank You.

Sleep is an important part of healthy growth and development. When children sleep, their brains develop, they organize information, and they grow. Regular naps provide predictable routines and help children cope with the stimulating activities provided by the center.

Rest Schedule

Infants:

✓ In the infant rooms we provide opportunities for infants to nap as their individual schedule indicates. When infants are napping they are placed in an assigned crib and placed flat on their back to sleep, unless medical information from the child's health care provider is presented to the center, by the parent that states this arrangement is inappropriate for that child.

✓ Infant cribs may not have bumper pads, toys, large stuffed animals, heavy blankets, pillows, wedges, or infant positioners unless medical information from the child's health care provider is presented in writing indicating otherwise. In lieu of blankets, EduKids requires that parents provide "sleep sacks" ONLY for their infant.

Toddlers\ Preschool: 2 Hour Timeframe as per Classroom Schedule – Typically 1:00 PM – 3:00 PM

✓ Children 18 months and older will nap on a cot in the classroom. Rest time occurs from 1:00 PM-3:00 PM. The room is darkened, soothing music is played and backs will be rubbed if the child wishes. No child is ever forced to sleep, however, this is a quiet time and children are asked to rest quietly for a short time until those children needing to nap have settled. For those children who do not nap, they will be offered quiet activities; remembering that other children are sleeping.

✓ As children wake they will be allowed the same quiet activities. The staff will wake up all children with back rubbing, soft voices and kindness around 3:00 PM. Blankets will be put back in the child's cubby and children will be offered snack.

UPK Wrap Around Care: 2:00 PM - 3:00 PM (At select locations only)

✓ The UPK Extended Day/ Wrap Around children will be given the opportunity to nap from 2:00 PM-3:00 PM with the same rest time arrangement as our center children as stated above.

Supervision During Rest Time

As per the requirements specified in section 418-1.8 of the NYS OCFS Regulations, all children will have competent supervision by classroom staff during rest times. Children will be within a staff members range of vision, and will be close enough to assist a child who wakes from nap, or is playing quietly in the classroom. Please sign below indicating your understanding and agreement. If you have questions about this agreement or questions about your child's individual needs, please discuss this with the Center Director.

I hereby release, defend, indemnify and hold harmless BrigthPath, employees or agents from and against any claims, damages or liability arising from or related to the use of images, recording or materials of my child, whether individually or in a group setting.

Infant Feeding Agreement

As an early care and education provider, it is our responsibility to maintain a safe classroom environment for your child. As per OCFS guidelines, an agreement must be made outlining feeding procedures for your child. Please review the following statements, sign, and return it to your Center Director.

- A schedule of your child's feeding/drinking routine must be provided by the family and updated as needed including times and types of fluids/foods offered. Template attached.
- All containers or bottles of breast milk, formula or other individualized food items must be provided by family and clearly marked with the child's complete name.
- Bottles should be prepared and provided by the family each day. Designated staff members may prepare formula when agreed to in writing by the parent.
- Unused portions of bottles or containers from which children have eaten must be discarded after each feeding or placed in a securely tied bag and returned to parent at the end of the day. Please let us know your preference.
- Bottles and food items will be warmed using hot water. Microwave use is prohibited.
- Every effort will be made to accommodate the needs of a child who is being breast fed. If you wish to visit the center to breast feed, please let your Center Director know so that private space is made available.
- Infants six months of age or younger will be held while being bottle fed. Infants older than six months will be held until the infant consistently demonstrates the capability of holding the bottle and ingesting an adequate portion of the contents. At that point, infants may sit in a highchair with their bottle.
- Age-appropriate solid foods will be introduced in consultation with families.
- Current menus for each week will be available on parent boards as well as in the parent communication app.

Please sign below indicating your understanding and agreement. If you have questions about this agreement or questions about your child's individual needs, please discuss this with the Center Director.
