

# BrightPath

## BeeCurious Curriculum

BrightPath's BeeCurious Curriculum Framework celebrates learning as a joyful experience and aligns with children's natural curiosities. It provides children autonomy through choices, guided explorations, and multiple forms of expression.

### Teachers & Staff

We take great pride in having a committed team of Early Childhood Educators and center staff who are passionate about giving children a personalized, hands-on learning experience while making sure the curriculum is adhered to to the highest standards.

### Nutrition

Nutrition is essential to fuel optimal growth and development in order for kids to reach their full potential. BrightPath has partnered with a Registered Dietitian to ensure that all meals and snacks on our menu meet the highest nutritional value.

### Inter-Curricular

Our diverse inter-curricular program, included in your tuition, evolves to match your child's interests and foster a love for arts and fitness in various disciplines.

## Paying for Child Care

BrightPath Center Directors can provide families with more information regarding financial assistance and can assist with the process as well. Please reach out should you have any questions.

## Family Communication & Connect App

BrightPath has an open-door policy, allowing for parents/guardians to visit our center at any time. Monthly newsletters, curriculum nights, parent interviews and open houses are also regularly scheduled to showcase what your children are learning every day.

Our Connect™ App is an intuitive, complimentary, easy-to-use parent engagement app that allows parents to see how their child is progressing. The app ensures privacy with a password login that can be shared with other family members.

## Contact Us

Our Enrollment team is available to support families through the enrollment process and help with any questions about our locations, tours, paying for child care, programs, and enrollment.

Our Enrollment team can be reached at:
